

## **Core Services to Exhibit at COLLABORATE 08: Technology and Applications Forum for the Oracle Community in Denver, April 13-17, 2008**

**Core Services Showcases Industry Leading Oracle Applications Consulting and Outsourcing Services as Exhibitor and Session Presenter.**

**Morristown, N.J., March 31<sup>st</sup>, 2008** - With over 17 years of consistent growth and profits, Core Services continues to be a dominant service provider in the Oracle marketplace. As an Oracle Application User Group Three-Star Partner, Core Services will once again play a prominent role at the Collaborate 08 event while proudly highlighting a full suite of services that help Oracle clients successfully procure and run their Oracle Application platforms. Senior Solutions Architect Bruce Kozlowski, and Senior Consultant Kirsten Haussermann will lead OAUG session presentations.

### **Customer Service Remains Critical to Core Services' Philosophy**

By providing exceptional Oracle Hosting and Consulting Services, Core Services has truly helped their clients stay focused on their core businesses. Core Services recently upgraded IT operational tools to improve customer service and gain a competitive advantage through these emerging technologies. Unified communications--including streamlined instant messaging, upgraded help desk options, automated service ticket notes and a constantly improving infrastructure-- have all had an optimal impact on how Core provides superior customer service.

"Our success has been validated by our high customer satisfaction rates and by our recent contract renewals," says Founder and CEO James Bistis. "We recently extended contracts for some long-term clients by 5 years which essentially guarantees a 14-year strategic partnership with Core. We are extremely proud of our proven track record."

As a Certified Partner in the Oracle PartnerNetwork, Core Services is committed to exclusively supporting Oracle E-Business Suite clients around the world. "Even with the dynamic growth we have recently experienced, Core Services has been able to remain extremely responsive to our client base," continues Bistis. "We realize that every client has special needs, and we cater to those unique requirements rather than treat a client as an 'ordinary' Oracle Applications customer. The Core Services' implementation team and hosting staff are comprised of highly-skilled, knowledgeable individuals whose Oracle experience and expertise allow Core Services to provide service above and beyond that of our competitors."

### **About COLLABORATE 08: Technology and Applications Forum for the Oracle Community:**

For the third consecutive year, the Independent Oracle Users Group (IOUG), the Oracle Applications Users Group (OAUG) and Quest International Users Group (Quest) are leveraging their collective strengths to host the leading technology and applications forum for the Oracle community. COLLABORATE 08 is designed to help users of the full family of Oracle business applications and database technologies gain greater value

from their Oracle investments. Created by and for users, COLLABORATE 08 offers an expert blend of customer-to-customer interaction and insights from technology visionaries and Oracle strategists. Representation at COLLABORATE 08 will include Oracle users, solution providers, consultants, developers and representatives from Oracle Corporation.

**About Core Services:**

Core Services Corporation, an Oracle Certified Partner, delivers Oracle-based business operations solutions and information systems and support to clients worldwide by providing award-winning Oracle Consulting and Oracle Hosting services. Additionally, Core Services is authorized to sell and service Oracle E-Business Suite, leveraging the Oracle Business Accelerators. Focused uniquely on Oracle Applications since 1990, Core Services also offers Managed, Remote DBA, and Disaster Recovery services in addition to Oracle Consulting services for new implementations and upgrades.
